Experience Abroad

Placement at IBM (Germany)

"My employment experience abroad faced me with all the challenges a highly competitive workplace can offer, which greatly assisted me in sharpening my employability skills. Moreover, it gave me the irreplaceable opportunity to assimilate the culture and language of Germany both inside and outside the working environment, which greatly contributed to my personal prosperity. Because of all that I have learned throughout my employment experience abroad, I feel very confident and comfortable in the upcoming transition from being a student to being a professional."
